

# Xerox eConcierge™ Supported Products List

The free Xerox eConcierge service is the quickest, easiest way to order printer supplies. To download the Supplies Assistant desktop application see your local Xerox Provider.

## Free service rewards

To qualify, simply use the Xerox eConcierge service for a minimum of 30 days and with your second supplies order for each Xerox product, its extended service coverage will begin.

Xerox will continue to provide free extended service coverage, over the normal supported life of that Xerox product as long as you continue placing your supplies orders through the Xerox eConcierge service. The coverage is the same as that provided when the device was originally shipped—quick exchange, depot repair or onsite. Eligible products include all of the Xerox printers and MFPs noted below. Xerox reserves the right to discontinue the service reward for a specific model at any time.
